

Since 2002 **AXESS** is a marketing company involved in sales and service of plastic joining products like ultrasonic plastic welding, spin welding, tube sealing machines etc.

AXESS is a team of technically experienced, aggressive, enthusiastic and ambitious peoples, who focused on success and have techno commercial tie-up with world well known company PI Shan Automatic Co. Ltd., TAIWAN as well as their authorized agent of for marketing their products in India since 2002. .

Axess has developed and manufacturing same quality machines in India with **AXESS** brand name by the help of Benson & being experienced in ultrasonic technology from a long time span of about 18 years. All components for Indian make machine sources from the similar supplier from Taiwan and Germany, Some Key components still supplied by **BENSONIC**.

ULTRASONIC ACTUATORS

These actuators can be used in different-different application like:

It can be used on some on line machine which does not have enough space, It can be used in multi head SPM machine like PP corrugated box welding machine, continuous welding section on BOPP pouch making machine.

Generator for these system can be kept at a sufficient distance.

Type A: Can use for 1500W

Type B: Can use for 2500W and 2800W

Stroke length 75mm or can be customize (25mm~100mm)

Actuator with 20 KHz Assembly
excluding Horn height
