

Since 2002 **AXESS** is a marketing company involved in sales and service of plastic joining products like ultrasonic plastic welding, spin welding, tube sealing machines etc.

AXESS is a team of technically experienced, aggressive, enthusiastic and ambitious peoples, who focused on success and have techno commercial tie-up with world well known company PI Shan Automatic Co. Ltd., TAIWAN as well as their authorized agent of for marketing their products in India since 2002. .

Axess has developed and manufacturing same quality machines in India with **AXESS** brand name by the help of Benson & being experienced in ultrasonic technology from a long time span of about 18 years. All components for Indian make machine sources from the similar supplier from Taiwan and Germany, Some Key components still supplied by **BENSONIC**.

Standard 8-station Rotary

ROTARY INDEXING TABLE

This machine is specially developed by AXESS for whom their production rate is very high but they wants to save labor and time.

This machine's rotary system is very robust combination of mechanical Index System, Motor and reducing gear box.

Machine can be designed with desired station and desired wattage Ultrasonic system as per customer requirement.

Key Features

- * Variable speed,
- * Auto ejection,
- * Choice of station 4, 8 or 16
- * Stroke length 75mm or can be customize (25mm~100mm)

**Big
Customize
servo Rotary**

Technical Specification of standard 8 Station Rotary

Dimension L x W x H	1220mm x 1030mm x 1680mm
Weight	300 Kg (Approx)
Input Voltage & Power	220V, 2 KW, single phase
Air pressure req.	up to 5 Kg/cm square
Ultrasonic System	As per application
AC Drive	0.5~1.0Kw with speed controller
Indexing System	4 station to 16 station
Productivity	15-30 stroke/minute
Auto/manual	Both operation
Ejection System	Pneumatic
